PROSPECTUS

English Class 2023 – 2025

Overview

The new Master's programme in Ayurveda starts in October 2023. That is a two-year accredited study with 120 ECTS.

The programme is designed to give participants the knowledge and practical protocols to use key consciousness-based Maharishi AyurVeda techniques in their health care practice to promote wellness and prevent disease. In addition, students will be encouraged to learn Transcendental Meditation. Upon completion of the programme, graduates will be able to:

- Increase their own resilience, overall wellbeing, and job satisfaction through personalized self-care programmes.
- Evaluate a person's constitutional type (Prakriti) and underlying patterns of imbalance (Vikriti) through Ayurvedic principles.
- Apply the fundamentals of Maharishi AyurVeda Pulse Diagnosis (Nadi Vigyan) in everyday practice.
- Instruct persons in personalized self-care programmes, including individualized dietary, behavioural, exercise, and detoxification regimens, and methods of stress management.
- Utilize Ayurvedic principles to optimize digestive health and nutrition.
- Prescribe Ayurvedic herbal food supplements to enliven the self-repair and healing mechanisms of the body.
- Understand multi-modality Ayurvedic protocols to address a wide range of common health issues.
- Practice Aroma Therapy and Marma Therapy.

Studying Mode

The study will be implemented in hybrid way (online and on-site) in English language.

Graduate Admissions

The enrolment criteria are a bachelor's/undergraduate degree from a health study programme and English language proficiency. For those, who do not meet the enrolment criteria, academic system difference will be solved by offering foundation courses, which align student to the education system.

For those who do not meet the admission criteria, there is also a possibility to study Ayurveda in the Postgraduate Certificate course in Ayurveda (<http://ayurveda.almamater.si>).

Tuition Fee

Fee: €6.900 per year

The tuition fee may be paid in up to four instalments per year. If you would like to pay in instalments, please enquire for further information.

Admission Process

The admission process is hassle-free and easy. It starts with your non-binding online application, which takes about 15–20 minutes. You are encouraged to fill it out as soon as possible, as we accept applications on a rolling basis.

Candidates for the study graduate programme enrolment are provided with three rounds for the application.

First round:	17 February – 9 July 2023
Second round:	11 July – 14 September 2023
Third round:	15 - 30 September 2023

After successful application online enrolment can be completed from home via VIS information system, with the username and password which you receive on your Invitation to enrolment to your email address.

You will have several weeks to accept the offer and pay the first instalment/deposit. Most of the student spots fill by the end of August.
